Patient Safety and Quality of Care

Letter of invitation
Webinar on Medication Reconciliation
21 March 2014
(10.00 – 12.00 Brussels' time)

The European Federation of Nurses Associations, under the Training of Multipliers programme of the Joint Action on Patient Safety and Quality of Care (PASQ), invites you to join a webinar on Medication Reconciliation. The webinar session aims to exchange views and experiences from daily practice on Medication Reconciliation. It aims to provide a dynamic discussion about strategies and approaches to strengthen Medication Reconciliation.

Participants will gain an overview of good practices and experiences from the field and the resources and tools available under the PaSQ framework created for patients and health professionals that facilitate Medication Reconciliation.

Taking part in the webinar provides an opportunity for sharing experiences across Europe.

The session will be held on 21 March 2014 at 10.00 (Brussels' time) with LYNC (*a link to access the webinar will be provided to those participants registered a couple of days before it takes place*).

To register your interest in joining this session please contact: b-marg@microsoft.com

Registration is compulsory to attend the webinar.
